

Product Data Sheet

NewPro-Tensid TXB Floor Cleaner

Product Discription

Environmentally friendly cleaner for thorough cleaning of mineral surfaces.

Range of Application and Use

NewPro-Tensid TXB Floor Cleaner is an environmentally safe cleaner which can be applied for thorough cleaning of mineral surfaces such as:

- Artificial stone
- Clinker
- Concrete
- Mineral plaster
- Natural stone.

Product Characteristics

NewPro-Tensid TXB Floor Cleaner displays the following characteristics:

- Colorless
- Easy to apply
- Odorless.

Technical Data

Specific Weight:

- Approximately 1.05g/cm³ (+20°C).

Instructions Regarding Use/Application

Mixing Instructions:

NewPro-Tensid TXB Floor Cleaner, depending upon the soiling, can be mixed with water at a ratio up to 1:15.

Application:

NewPro-Tensid TXB Floor Cleaner can be applied to the soiled surfaces with the specified dilution using a spray or airless spraying device. After the time required to take effect, the applied solvent protective part can be washed off with warm water.

Machine Application:

NewPro-Tensid TXB Floor Cleaner can be applied using a standard spray/airless-spraying device.

Caution:

Do not allow NewPro-Tensid TXB Floor Cleaner to dry on the cleaned surfaces.

Instructions Regarding Use/Application

Notice:

NewPro-Tensid TXB Floor Cleaner can be applied to a wide range of surfaces. It is, however, recommended that a test be applied to the surface to determine the durability.

Use:

- Approximately 50 to 200 ml per 1 m².

This is simply an estimation, which can vary depending upon the layer thickness, the type and degree of soiling and the structure of the surface.

An exact amount of material required should be determined by a test on the surface of the object.

Required Conditions for Use/Application

The application and drying requires a surface and area temperature between min. +5°C and max. +30°C.

Application time:

- Approximately 0.5 to 12 minutes (at approximately 20°C).

Depending upon the thickness of the layer or soiling to be removed.

Cleaning of tools:

- In freshly used condition, clean with water.

Delivery Form

Units Per Package:

- Units Per Package = 15 x 1 Litre.

Color:

- Colorless.

Special Instructions

Transport:

- Unlabeled and non-hazardous.

Storage:

- Lasts approximately 1 year when stored at a cool temperature, frost-free and in the original tightly sealed packaging.

Work Hygiene

Before breaks and at the end working with the product, wash hands. Do not eat, drink or smoke during use. Avoid eye and skin contact with the product.

For further instructions, please refer to the product safety data sheets for this product

Safety Precautions

Keep away from children. Keep containers sealed tightly closed. In the event of eye contact, immediately flush eyes out with water. In the event of skin contact, wash skin thoroughly with water and soap. Do not smoke during application and use. If swallowed seek immediate medical advice and show the packaging or product label to the treating physician.

For further instructions, please refer to the product safety data sheets for this product.

Safety and Protective Measures

The general safety precautions for water solvent materials are to be considered.

The technical advice regarding the use and application of our products is the result of extensive research and development as well as many years of experience, according to the best of our knowledge. The different kinds of requirements of an object, under varying conditions, make it necessary for the user to check the suitability for the intended purpose. We reserve the right to effectuate changes, which serve to affect the technical advance or improvement of our product.

For further instructions, please refer to the product safety data sheets for this product.

This product is designed for commercial use only!
