Proteque™ - Skin Protection System

Product Discription

Proteque™ International offers women and men a solution to skin irritation a dryness that results from everyday activities on the job, at home or outdoors. Unlike moisturizers that merely provide temporary relief, our dermatologist recommended skin protectant system forms a protective barrier that prevents irritation from occurring while allowing previously damaged skin to heal. Proteque has been uniquely formulated to protect your skin from many common irritants and allergens that are abundat in today's world like soaps, chemicals, and even water. Proteque combines three distinctive benefits into one product.

1. Kills common bacteria on contact with an anti-bacterial ingredient.
2. Promotes healing of damaged skin even through repeated washings
3. Protects against irritants that can cause contact dermatitis, the most frequent type of occupational skin disease.

roteque's exclusive, non-greasy formula bonds with Ute outermost layer of the skin to form a waterproof barrier that acts like an invisible glove. This barrier keeps irritants, allergens and bacteria away from your skin, preventing irritation while creating a safe and healthy skin environment. Proteque seals in moisture, even through multiple washings without clogging your pores. Proteque's cosmetically formulated lotion also contains the highest grade aloe vera gel and Vitamin E to help soften and heal your skin while still maintaining a strong protective barrier from irritants.

Proteque™ is ideal for hair stylists and manicurists working with harsh chemicals, health care workers who frequently wash their hands, and anyone who deals with the general public such as flight attendants and teachers. Proteque™ can be used by virtually anyone whose occupation restricts them from wearing gloves, but desires extra protection from irritants and allergens while on the job or at home. In addition, Proteque's invisible barrier offers extra protections for thousands of latex glove users.

One application of Proteque™ provides hours of hand and body skin protection. It is easy to use and offers maximum benefits. Simply wash a dry your skin thoroughly and apply generously. Proteque™ absorbs quickly so there is no need to interrupt your normal activities.
