Paint Care

NewPro permaCleanCARE NA 350 (NewPro Nano-CLE NA 350)

Nano-CLE 350 is a water-based and silicone-free lacquer cleaner and polish for used or bleached lacquered car bodies. The polish sustainably removes persistent soilings, waxes and silicones, it freshes up the colour and gloss and creates a very smooth surface. The polish works as a pre-treatment for application of lacquer sealings like NewPro permaSealCARE NA 150 and can be used both for manual and machine application.
